

The London Transit Commission strives to attract, develop, and retain exceptional individuals. If you are looking for an engaged workplace that fosters diversity and respect – apply to join our team today!

Transit Planning Technician

Reporting to the Director of Planning, you will be responsible for assisting with the development and recommendations of short, medium, and long-term policies and programs impacting the delivery of transportation service; this includes levels of service, service routing, and nature/type of service to be provided, and scheduling of same, with such programs and policies being consistent with the LTC Business Plan, The Long Term Growth Strategy, the City's Official Plan and Transportation Plan. In addition to scheduling bus routes, you will be responsible for creating work pieces and preparing AVL data.

With proficient computer skills, you are experienced in the utilization of a variety of software applications with knowledge of GIS and scheduling software. You are an excellent communicator with solid interpersonal skills to deal effectively with customers and service providers. You are very detail-oriented and have the ability to focus on repetitive tasks for extended periods. You have a demonstrated ability to handle multiple priorities within set deadlines, while effectively problem solving and keeping organized.

You have completed a minimum of a two-year post-secondary program in a related discipline (e.g. Planning and Urban Development, Geography, Information Technology). One year of work-related experience is preferred.

Wage in the range of **\$26 to \$33 per hour** will be commensurate with skills and experience.

WHY YOU SHOULD JOIN OUR TEAM!

- We provide an inclusive and collaborative culture, respectful of individual dignity
- We are supportive of our employees being successful in their roles
- We are committed to creating and maintaining a safe and healthy working environment, including encouraging employee health and wellness
